**A NOTE FROM OUR BOARD:**

Message from the Board: At the recent Board meeting, we unveiled the proposed drawings for the new main gate, which will be installed shortly after all construction is finished. We are excited about this new development. We will also replace the damaged side gate at the same time. The recent rains have exposed some obvious drainage problems in our community. We will be working to alleviate those in the coming months. Work continues to repair the two remaining nonfunctioning light posts. As always, we are excited to live in Lakeshore Village and look forward to a new "non-construction" phase!
